## Customer Reviews

This book is an interesting take on the Mario brothers. Not only is this book funny it also makes you think about the characters and puts them in a different light. This book is filled with commentary, jokes, as well as memes.

I love this book! There is only 1 swear in it, so this is a great book to read to kids who are familiar with the Mario series \franchise.

it Madden mobile stinks i have a pet toad from Mario o man you should buy it lol lollipop head  
3000000 stars i would rate it

This book claims to be a book on memes relating to super Mario bros, but that's only what is on the surface, beneath the surface is the tragic tale of a brain dead suicidal man desperately trying to find happiness through peer acceptance. A story untold of a man that seeks only love to be shunned by those who would read this great story. I proclaim that the writing style of this book is equivalent in metaphoric capacity to palahniuks haunted, Poe's a telltale heart and Lovecraft's at the mountains of madness. But dear reader, I must warn you, all great bits of the novel are only felt, not read.

I downloaded this for my twins who live and breathe all things Mario. Not to mention, I've been a big fan since middle school (and I'm 41 now). This book is full of typos and poorly written. It's not hard to reread your book and correct stupid mistakes. The jokes weren't only not funny they made no sense. The other needs to get a new vocation...maybe plumbing. Don't waste your time or money on this.

Not funny at all and only focuses on the first game and expects you to know everything about the game. ^«

this is horrible.all it is, is a bunch of memes and jokestaken of the internet.I could write jokes better than these.harry p.

a little hard for 3 year old
