# Spirit Of Faith: Life After Death

## Synopsis

Spirit of Faith: Life After Death is a compilation of writings and prayers that discuss the topic of death and the transition from this life to the worlds beyond our world. Many writings in the Bahá'í Faith talk about our limited time on this planet and the importance of our conduct while here. It is explained that our actions while living have effects in all of the worlds of God. Similar to previous titles in this series, this collection of sacred scripture can help define our place within a single, unfolding, divine creation. The Spirit of Faith series continues to explore spiritual topics such as the unity of humanity, the eternal covenant of God, the promise of world peace, and more by presenting what the central figures of the Bahá'í Faith have written regarding these important topics.
