Synopsis

New Cover!The first full length standalone HEA sexy story from the Queen of Short and Dirty, Olivia Hawthorne. Join me on my new journey as Alexandria Hunt!Tennyson: He threw mud in my hair in third grade, and from that moment on, Chase Evans and I were inseparable. He was the rich football star, and I was from the wrong side of the tracks, but everybody knew our love would conquer all.A twisted setup in our senior year ended with me breaking his heart. He left town, and I knew I'd be alone forever after that.But he came back and decided I was his again, and how could I disagree? I wanted him with every fiber of my being, but I couldnâ™t let myself fall for him.Not when there was something I had to tell him. Something that might destroy any hope of a second chance. Something that would change the course of our lives, no matter what his reaction was.Chase: Tennyson Holland broke my heart the summer after graduation. Scratch that...she f*cking shattered my heart. I left for school and never looked back.Meaningless fling after meaningless fling couldn't plug the hole sheâ™d left in her wake, so I sank myself into getting my MBA and living up to the demands of my college football full scholarship.I was a hotshot superstar, right up until my stepdad lost everything our family owned and I blew out my knee in a stupid play gone wrong. I was forced back to our small hometown, ego shattered as badly as my knee, our family poor as hell, me drifting and still so god damned broken.From the moment I saw her again, I knew I had to have her. But would she take me back, knowing I had nothing? Would we ever get our second chance?***Warning, the hot sex and suggestive, naughty language would indicate this is better left to those over the age of 18. Broke is about Tennyson & Chase, childhood friends turned lovers, who are so in love, they are planning their entire future together, until Chase's hateful parents interfere and rip them apart. They never felt Tennyson was good enough for their son, wanting him to focus on football, college, and finding a girl "worthy" of him. Tennyson was going to tell Chase she was pregnant, but because of a horrible setup, Chase walked away, never knowing the truth (or that she was pregnant) and cut Tennyson out of his life. Now the story moves to five years later. Tennyson had their son, Jasper (such a sweetie!), and has the support of her mother and a few close friends who know the truth. She was able to purchase her home and start her own business, the local bakery, from a small trust fund from her father's insurance after he died in a car accident and is making a good life for herself. Good except that she's lonely and has never been with anyone except Chase. She tried dating but nothing happened past a first date. Chase is working towards his MBA and is on a football scholarship. He has been drinking heavily and having numerous one-night stands, never wanting to feel anything in his heart for another woman. He winds up blowing out his knee, and during his recovery, finds out his horrible stepfather has been arrested and all the money his family had was stolen from his clients. After the doctor tells him he won't ever play again, he loses his scholarship and decides to go home and try to do something with his life. Tennyson never forgot how much she loved Chase and once Chase realizes he still loves Tennyson, he decides he wants to forgive her and get back together.
