Creative Soldered Jewelry & Accessories: 20+ Earrings, Necklaces, Bracelets & More (Lark Jewelry & Beading)

Synopsis

Lisa Bluhm's first book, *Simple Soldered Jewelry & Accessories*, was a huge success. Now she's back with more than 20 trendy new projects and the hottest techniques. Thanks to a robust basics section crafters will easily master the fundamentals of using either a soldering torch or iron, and make such gorgeous items as fashionable earrings, playful tiaras, unique frames, and pretty boudoir bottles.

Customer Reviews

Omg, I LOVE this book. I has awesome information! Very detailed and very informative. Lisa's step by steps are very detailed and as a new beginner to soldering it has helped me understand this new hobby. I have spoken to the Author of this book and she is very kind and has taken the time to answer a few of my questions. You can't go wrong with this book its by far one of the best I have read in a while.

I have not sat down and read this from cover to cover, but what I have read is great, the illustrations are very good and written so you understand each procedure. This would be a good book for anyone to read and use.

Personally I was not impressed with this book!!! Yeah it has some tips and tricks but it is if you want

to make extravagant pieces. Reminds me of every average craft book that is written, more about the Artist and less about teaching you how to create.

I'd Buy it Again! Great Job, Just what I wanted
