Customer Reviews

I bought my copy at B&N for \$19.95, I'm very sorry I didn't check .com first and save \$6!! am pretty picky about design as I am a professional graphic designer. The lilac, flowery planners with poor typography turned me off. There were many such organizers to choose from at B&N but this one caught my eye because of its bright colors and modern, clean design on the glossy, belly-band style dust jacket. I flipped through the pages and just LOVED the smooth, heavy-weight paper- perfect for ballpoint pen without it showing up on the other side of the page. The design inside is impeccable, and the photography is so gorgeous and inspiring that I have actually chosen pink and orange as my wedding colors as a result!While this is a lovely book, it does have some faults, but not enough that I wouldn't recommend this book.**PROS:**1. VERY sturdy, heavy-duty cover. Perfect for support while taking notes on the go.2. Gorgeous design.3. Good tips for anyone regardless of their stage in

the planning. I especially like their notes and surveys on finding your own personal wedding style. I work in the wedding industry myself and thought that I wouldn't find as much use for a planner, but this brought up a LOT of small details I might have overlooked until the last minute.4. Heavy-duty clear pockets, one for each section. Perfect for holding samples and other such things.5. Color coded tabs. This really appeals to me, it helps tremendously in the organizational process and it is often overlooked by most people.6. A big section for inspiration, including gridded paper, which I use for sketching our wedding logo and graphics. Nice touch.CONS:1. Odd size.
