Stenciling & Embossing Greeting Cards: 18 Quick, Creative, Unique & Easy-To-Do Projects

Synopsis

This idea and how-to book features many creative ways to make greeting cards, note cards, announcements, etc. with stencils and a few other simple tools. Readers will learn fun techniques such as embossing, flocking, masking and more as they let their imagination do the rest. Barker presents a wealth of ideas for using stencils for all kinds of seasonal and occasional greetings in a range of styles so readers can make everything from birthday cards to post cards to invitations and announcements. The 30 projects showcase the various techniques on an assortment of paper and cards in a variety of styles. Each project includes information on materials used, step-by-step instructions, illustrated with sketches, diagrams and photos, and the finished piece. With just a few stencils, some colored paper and a few colors, anyone can make dozens of innovative cards that are fun to send and receive.

I have watched stenciling and dry embossing on many craft shows and wanted to give it a try. This book helped me to do it quite simply and to create some great looking cards. Each card project has a list of the supplies you will need including stencil cream colors and gives you the name of the stencil company, item number of the stencil and where to purchase them. Each sample has step-by-step instructions -- both written and a picture of that step. At the end of each project they show you the card finished. ALL in color. I highly recommend this book to someone who wants easy

to follow instructions, a great "visual" of each step and a look at how your finished card is going to look.

The book is a great book to refer to when making cards. I have really enjoyed the book when working on cards.

Lots of ideas and projects to do. Explained very good. I like the book. Why do they have this amount of words. I can explain it in less.

Nothing like I expected. Actually quite outdated. Cards seemed antiquated. Next time I will look at date book was published. Thank you.
