131 Dirty Talk Examples: Learn How To Talk Dirty With These Simple Phrases That Drive Your Lover Wild & Beg You For Sex Tonight

Synopsis

Are you one of those people who want to spice up their love life with the addition of dirty talk, longing to hear certain words or phrases whispered, moaned, growled, or simply uttered but just plain don't know how to get started? The first thing to understand is that dirty talk isn't dirty. There's nothing shameful or wrong about it. Men and women are hard-wired differently. Men like to hear, while women like to visualize, and that's completely natural too. A man wants to hear what their partner wants done to them, or wants to do for them before it's done. Hearing the words, screamed, moaned, whimpered, or whispered just flat out does it for most men. Women like to hear the words and imagine what those words or phrases will mean to them, how their partner will react, or how something will feel, even seconds or milliseconds beforehand, giving their brains time to process the possibilities, thus heightening the sensations. In this guide you will learn 131 tried-and-tested, proven-to-work phrases you can use for getting your partner in the mood, during foreplay, during & after love making. Both for-man & for-woman phrases are included. You will learn many ways to get started talking dirty and how to build it up gradually so you are comfortable & sound confident when you say them. Using correctly they will make your lover addicted to your voice & drive him/her wild in bed.

This would be a great book for someone that is on the shy side, has never had phone sex, or talked dirty. It's a good, solid collection of sexy phrases and succinct explanations for why they work. As far as being a beginner's book, I think it falls a little short on how to describe what you're doing, going to do, or want done to you. But if you want to learn how to dirty talk or want liberate your partner into expression, this will suit your needs. It's not for the experienced, though. If you've had a

fair share of phone sex, you won't find anything new here. It's a quick read, I finished it in about 15 minutes, but that may be because most of the phrases are things that I have heard and already say. Not much kinky stuff. I only found one phrase in the entire book that I had never heard before (#128). I bought this looking for new ideas, so I was a little disappointed. But I would definitely recommend it to newcomers or those that need a refresher. Update 7/20/15 - Wanted to come back here to share an insight I had about talking dirty. There's nothing worse than a predictable lover. All the hottest things that have ever been said, the things that really get people going or make them climax in an instant are... completely unfiltered, unedited. They are speaking exactly what is felt, direct responses to what the partner responds well to. It's instinctual. There's an element of unpredictability in the heat of the moment, the I-can't-believe-he-just-said-that kind of thrill. So in summary, good dirty talk is hot because 1) it shows your partner how in tune you are to them and 2) it's unpredictable. Don't go by what they found hot last time, go by what they moan to this time.
