Customer Reviews

Didn't White Wolf's short description in the Changeling rule book tell you enough about those big oafs that call themselves trolls? If you want to fill out your character so she isn't just a big, clumsy, not-so-bright, oaf, this Kithbook is a must. With new troll only merits/flaws and weapons and treasure, you'll have the tools to make your troll more realistic and unique. Included is a fairly detailed outline of Troll history since before the Shattering along with what the Trolls really think of the other kiths from both a Seelie and Unseelie perspective. With splendid artwork, a definite must buy for the serious Changeling participant. The only criticism is that the book is a bit on the thin side, but nevertheless is packed with information.
