Head Lice... What Do I Do Now??

Synopsis

The desire to write this book came from firsthand experience. Tracy is the mother of five young children, three sons and two daughters. When the children were all very small, they quite often came home with head lice. For years, it was literally a losing battle for the family to rid their home of the pest. The financial burden and emotional turmoil were almost too much to bear at times. Through God's intervention, Tracy discovered the secrets to ridding a home for good of this dreaded childhood disease. This was no secret that Tracy could keep to herself, so she began writing about her experiences with head lice. The secrets in this book have kept the Carroll home head lice free for years now, and hopefully this knowledge will help you too.
