# The Big Book Of Jigsaw Sudoku: 400 Jigsaw Sudoku Puzzles

## Synopsis

Printed on high-quality paper that will easily withstand the constant erasing and re-writing that a Sudoku puzzle requires, this book contains 400 graded Jigsaw Sudoku puzzles. The 400 puzzles are broken down as... 100 easy puzzles. Perfect if you've never played Jigsaw Sudoku before! 100 medium puzzles. A little more challenge. 100 hard puzzles. 100 tough puzzles. Perfect for those who are experienced Jigsaw Sudoku puzzlers looking for extra challenge. Every puzzle has a unique solution and can be solved by logic alone - no guessing required. Full answers are given in the book. Jigsaw Sudoku is very similar to standard Sudoku, but instead of all the regions being 3x3 squares, they are instead irregular 'jigsaw' shapes.

## Customer Reviews

There are probably a lot of people who do like this book, but I don't. I love jigsaw sudokus. They are my absolute favorite. But these are not like the ones that I am used to and enjoy so much in the smaller little books that sell at the grocery store for \$1-5 or so. The jigsaw designs are stylized and repeated so that it doesn't seem like each is unique, though of course the numbers are not the same. The same designs over and over again are tedious. But, if this doesn't bother you, and it may not bother some people at all, you may enjoy it.

Excellent collection, ranging from easy to tough. While I skipped past the easy ones, the rest became more challenging as I progressed through the book, though even the hardest ones were ultimately doable. Wish there were sequels to this book.

Gift for mother-in-law. She was looking for a more challenging Sudoku so I sent her this one. She loves it!!

I love the book, it is my constant companion. It is difficult to find the Sudoku jigsaw puzzles. The pages are very light color and easy to see pencil marks.
