Christmas is fast approaching and I don't know about you but I'm now making everything for Christmas. It doesn't get better than the "Deck the Halls" book. It's jam packed with Christmas Ornaments that you'll love to make. Most of the patterns are for an intermediate level of crocheter so I wouldn't really recommend it for a new knitter. The book uses a variety of yarns to create the amazing designs. All of the designs are perfect for adorning your Christmas tree. My favorite is the "It's in the

Bag" decoration. It's a super cute little bag with small yarn balls and two knitting needles. As a knitter and crocheter I'm going to make myself one for on my tree. All the patterns are in written format but charts are supplied for patterns using repeating designs. Annie's also gives you access to a stitch guide, which includes illustrated guides & how to videos. With 20+ patterns in the book it offers fantastic value for money. The patterns are varied and most people would like most or all of the patterns. I received this book to review. However all opinions expressed are my own. No monies were exchanged.

Liked just about every ornament. Plan to start on them this summer. Just perfect for friends and family.

Finally a Christmas idea book containing several items that are perfect for decorating and gifting

Lots of wonderful Christmas knitting projects---inspiring yet easy!

Good patterns to use up my yarn scraps.
