Grandparents dote on their grandchildren, and grandchildren love them back with all their hearts.Â This new book includes the best stories on being a grandparent from Chicken Soup's extensive library.Â Everyone has experienced the special ties between grandparents and grandchildren â “ the unlimited love, the mutual admiration and unqualified acceptance.Â Grandparents and grandchildren will enjoy these lovingly written stories written by grandparents about their grandchildren and by grateful grandchildren about their grandparents.Â The book is set in larger print for easier reading.

More likely than not, this book will be re-read a few times! I find all the Chicken Soup books to be special, this one meets the mark! You would not have to be a grandparent to appreciate these stories. I read most of this book while riding my stationary bike AFTER knee replacement surgery. The stories are short enough to keep my attention (span is short when under medication) and entertaining enough that I could work through the pain. I highly recommend!!!

I enjoyed this book so much I bought another for a new grandmother. I thought the stories were very sweet and uplifting. I think every new grandparent should have this book.

I haven't had time to read this one yet I'm still on another book. But as soon as I get done with it I will start this. My Husband wasn't as happy with this book as he was with Messages from Heaven. He and I however have different relationships with our grandkids. So I think I might just love it.

This book was a gift for friends who have just become grandparents for the first time. I only wish it had been offered in a non-large print version.

Received this item just in the nick of time for my mom's birthday. This book is definitely what she needed because she is becoming a first time grandmother this summer! Thanks again!

I bought this for my mother who is the great grandmother and read the whole book myself before I wrapped it. Beautiful book that covers how much grandchildren mean to us!
