Customer Reviews

A few interesting nuggets of info, but not as thorough as I would have liked, and there was not very much elaboration on the prayers at the beginning. The author meant to do well, so overall, I suppose it was alright.

Fantastic book. I suggest every Jain to read this book and encourage the author to come up with more such books.

Loved it. Great start for learning more about Jain Religion in English.

I didn't realize this is a children's book. Very repetitive with little actual content. Some of the Kindle options would not work with this edition.
