Bought this by mistake, thinking it was sheet music. Turned out to be a sort of long-winded picture book retelling of the musical. Gave it to my local thrift store. Can't imagine why anyone would want it.

I am not the greatest piano player but do like to have music that isn't beginner level. These pieces are challenging but doable and they sound great!! I am loving playing them. The book contains all the songs from the show.

This is really a great book if you love the musical and you just want to play the music for fun. I bought this book to prepare for an audition to be in south pacific. I practiced for a few weeks and was very comfortable with the songs in the book, but when the actual audtion music was handed out, it was in different keys. All of the things I practiced had to be changed and it made it very stressful. This book is a really good representaion of the music, but it is NOT in the same keys as the original score.

the score came faster than I could whistle "I'm Gonna Wash that Man right out of my hair." Great service/ excellent condition and terrific price. I own a lot of these scores and the price NEW is almost out of reach, but this was a bargain.

If you're interested in this, then don't hesitate to get it! This Vocal Score contains all music from the show (from the Overture to bows and exit music).

A life long reader of Michener's works I was curious how he handled the juvenile South Pacific, his first and only attempt at a children's book. The book was very interesting. It was actually a condensation of his adult book South Pacific. Probably teenagers could have enjoyed th boo but I don't believe grades 3- 5 would have had held any interest in it...to adult.
