Sense And Nonsense About Crime, Drugs, And Communities: A Policy Guide

Synopsis

Samuel Walker's *SENSE AND NONSENSE ABOUT CRIME, DRUGS, AND COMMUNITIES* was one of the first books to challenge common misconceptions about crime, and the new Seventh Edition remains uniquely effective at doing so. Described as a "masterful critique" of American policies on everything from crime control, to guns, to drugs, this incisive text cuts through popular myths and political rhetoric while emphasizing current research and proven practice. The result is a distinctly lucid, research-based work that clearly reveals what does not work in crime policy while identifying shared characteristics of successful approaches, including carefully defined, narrowly focused, problem-oriented programs in policing and prosecution. This engaging text captures the full complexity of the administration of justice while providing students with a clear sense of its key principles and general patterns.

Book Information

Paperback: 416 pages

Publisher: Wadsworth Publishing; 7 edition (May 5, 2010)

Language: English

ISBN-10: 049580987X

ISBN-13: 978-0495809876

Product Dimensions: 9.1 x 6.3 x 0.9 inches

Shipping Weight: 1.2 pounds

Customer Reviews

This is a thought provoking book with a serious "liberal" stance. It is good for spurring conversation that questions policy. Drawbacks are also that the author overlooks some policies that fit his agenda. Overall, once of the better CJ books I have read even though it has an atypical style.

I used this book for my senior writing class in college. It was pretty interesting and read more like a novel than a standard textbook. The author looks at the topics discussed from a very particular view point therefor this book is a "little" biased. If you look at everything critically, its not hard to find flaws in anything. I just wish the author would have given a few solutions to all the problems he pointed

out.

BS=BULLSENSE, THE AUTHOR IS SO WRAPPED UP IN TOXIC, EXTREMIST BIAS THEN ALWAYS HAVE TO CORRECT HIMSELF EVERY EDITION AND EVEN WITHIN BOOKS, NO SENSE OF REAL HUMOR AND NOT EVERYBODY WILL AGREE WITH YOU SO DON'T INCLUDE THE WE WORD EVERYTIME, FILTHY HAD TO WASTE MONEY ON IT FOR STUPID CLASS

This is one of the required texts in a course I was taking so it wasn't selected by my choosing. That being said, the text is quite good. It tries to breach a convoluted topic and does so with little overt bias.

Blah! I had to read this for class. Very dry and repetitive of past crim justice classes. Glad to be done with the class!

This book served all my purposes and was very helpful in my studies. I would recommend this book to everyone.

This book was ordered due to a graduate course being taken. The book is not a difficult read.

This was a really good book. Very good for criminal justice majors. Great condition too.
