Miller's Antiques Handbook & Price Miller's Antiques 2016-2017 (Miller's Antiques Handbook & Price Guide)

Synopsis

"Miller's Antiques Price Guide has long been the market leader, offering not just prices but informed tips... Miller's is arguably the only price guide you will ever need." Antiques Magazine Miller's Antiques Handbook & Price Guide remains the essential and trusted guide to the antiques market. It has earned the reputation of being the book no dealer, collector or auctioneer should be without. It is compiled by Judith Miller, world-renowned antiques expert and co-founder of the book, who selects the guide's 8000-plus featured antiques.

Customer Reviews

I own every Miller's guide since 1983--so I had to have this. I do believe the 2009 guide was the best one in the series. That was a bit more down to earth than the 2009 to 2017 volumes. They'd also be more up to date if they were published annually as they were until 2009. Publications were a lot more useful and effective before the current author became re-involved and the format was changed to match her previous publications.

Judith Miller delivers a broad section of antiques, their current going prices, and some observations. Some categories cover a few pages while others only show one page. So while you get a range of prices, your specific item may not be appraised. (That's why I rate it 4 stars.)Judith's comments are very helpful to locate the country of origin and historical details. Everyone will appreciate the trivia if

they spend any time with the book. I own several volumes of Judith Miller books. The most informative was her Encyclopedia and the most visually satisfying was Decorative Arts. They are beyond 5 stars each.

It was just a little bit of everything. Nothing specific and can't be used for reference since 99% of the time the item you are trying to reference will not appear in this book. I suppose it is useful when you are just educating yourself for when you happen upon a piece that appears in the book. Nothing wrong with the book but I suggest looking at a physical copy before you order because it may not be what you are expecting.

Excellent reference... Miller's are the best
