Treatment Of Offenders With Mental Disorders

Synopsis

This volume presents current treatment approaches for offenders with mental disorders in a variety of settings. After reviewing administrative and legal issues in the provision of care, the volume addresses therapeutic work with inpatients, outpatients, and incarcerated persons. Separate chapters cover special issues in treatment of sexual offenders, offenders with mental retardation, and juvenile offenders. Throughout, the approaches featured are interdisciplinary and eclectic, incorporating biological and psychological perspectives.

Customer Reviews

This book has been very informative regarding treatment for various offenders; juveniles, sex offenders; mentally ill; mentally retarded, etc. Valid research and resources are offered indicating outcomes of success and failures for programs in jails, prisons, and the community. It is quite interesting reading.

This is a really informative book, although I'm using it for school I know that this is one that I will be referring to throughout my education.

Good book to add to my tools. Delivery and shipping as expected.

Product was as described and arrived on time. Looks great!!
