The Labyrinth Of Solitude: Life And Thought In Mexico

Synopsis

One of the major poets of our time here probes and defines Mexican character and culture in a series of brilliant essays. Silence, irony, the formalization of social life - these are the masks that permit the Mexican to conceal his personality. Far more than an interpretation of his own country alone, this book is also a penetrating commentary on the plight of Latin America today as a whole, an enlightening view of the North American - "who wanders in an abstract world of machines, fellow citizens, and moral precepts" - and a universally applicable evaluation of the situation of contemporary man.

Book Information

Paperback: 212 pages

Customer Reviews

Great book. Great value.

A wonderful book. Extremely intersting. I want Elizabeth Warren to be Preident of the unitd States. A quick read. A facinating look about how she got to where she is now. I am recomending it to all of my friends...

It is not the edition I was hoping for, but it is what it is and ok for the price for sure. I may have to get the other edition though and just eat the price, as they say. :)

Okay.
