Customer Reviews

I use this book regularly for creating the story times I do for my local library. It has some nice songs in it: topically very appropriate for what you would need but also what you want for the preschool age group: short, simple, catchy tunes and nice illustrations for creating felt fingerplays. The book seems expensive for a paperback but it is a thick book with a lot of fingerplays in it. In short, I would highly recommend this book for using to create story times.

I purchased this book and could not believe how many great ideas there are in the book. I loved that it was divided into seasons which made it easy to find exactly what you wanted. This book is highly recommended for anyone wanting feltboard stories. The pictures are great and the children are thrilled to see me pull them out! Well worth it!

I love how this book gives a fingerplay for the most common themes used in preschool. I like the easy to follow fingerplays and I use one of them nearly everyday in my classroom.
