The Pivotal Season: How The 1971--72 Los Angeles Lakers Changed The NBA

Synopsis

An in-depth look at the most influential Lakers championship team-the coach, the players, the season that changed the NBA. The 1971-72 basketball season was one to go down in history. For the Los Angeles Lakers it was a season of records, an incredible championship, and many personal victories-by a team featuring several players bound for the NBA Hall of Fame. For the sport of basketball it was a season of transition, when West Coast style overcame East Coast sophistication. And for the fans, it was simply a season to remember. Charley Rosen, one of the best sports historians in recent years, brings to life all of the memories, events, and spectacles. Featuring an iconic all-star roster that includes Wilt Chamberlain and Jerry West, *The Pivotal Season* is an account of some of the greatest names in the game and their contributions to one of the most remarkable seasons in history. This dramatic narrative credits the Lakers coach, Bill Sharman, who, though virtually unknown today, was the best basketball coach of his time. Photographs and action-packed narrative portray the pivotal 1971-72 season in this memorable book of sports history, which includes a special foreword by Phil Jackson. Basketball fans will be able to relive this amazing story of despair turned to triumph, when the Los Angeles Lakers won a record thirty-three consecutive games, persevered and defeated their archrival, the New York Knicks, won the championship-and in so doing changed the sport of basketball forever.

Customer Reviews

This is a story that needs to be told, as this fabulous team is not given enough credit since their single-season victory record has been eclipsed. Unfortunately, the wrong guy is telling it. Charley

Rosen, is simply not a good writer. I had never heard of him until I read this book. Since then, I have read some of his articles on Fox Sports website, and I am more convinced that he is a lazy sportswriter, who won't look up facts and lets no truth stand in the way of his spreading his pompous erroneous ideas. No factoid is too big to ignore nor any truth too difficult to discard in his attempts to spread venom. It is obvious quickly that Rosen is no fan of Wilt Chamberlain and worships Jerry West and Bill Sharman. Don't get me wrong, Wilt had his faults, and West was phenomenal, and Sharman should be in the hall of fame for his coaching, but I will present four passages to prove how much of a vendetta Rosen has:

Page 14 : "Indeed, the Lakers were in firm control of the game when Chamberlain committed his fifth personal foul late in the third quarter. Coach Butch van Breda Kolff immediately sent Mel Counts, a lanky seven foot jump shooter, in for Chamberlain. Unfortunately, one of Chamberlain's most cherished personal records was his never having fouled out of a game. So when van Breda Kolff called for Chamberlain to reenter the fray midway through the fourth quarter, the big man refused, mumbling something about an aching knee. Infuriated by Wilt's monumental selfishness, van Breda Kolff vowed to keep Chamberlain on the bench and win the game, and the championship, with Counts. As the game raced toward the wire with the Celtics relentlessly eating into the Lakers' lead, Chamberlain approached his coach and asked to return to the action.
