With the changes implemented November 27th, 2011 this revised edition is a must for any Liturgy Committee member; or just someone who loves the Liturgy. It is written in such a way as to enlighten; giving meaning and explanation to our traditions and norms. It would also be beneficial reading to anyone considering the RCIA process; or those desiring a true unbiased knowledge of the Catholic Faith. I highly recommend it.

For years, I kept seeing references to the GIRM and wanted to get a copy. When I saw it on .com, and at a reasonable price, I immediately bought one. Every priest, deacon, and anyone involved in the liturgical function of the parish should own a copy and read it. Plus, it is a good source for anyone else wishing to understand the liturgy better. Hmmm. I just talked myself into giving each of my three grown children a copy for them and their family to have.

I anticipate much fruitful reading of the GIRM. I look forward to its authoritative interpretation and

application of Canon Law to the Catholic Liturgy. As a future priest, I desire to celebrate the Liturgy in all its beauty and power, both because it is due such reverence and because it will build-up the people of God, spiritually. I look forward to studying and implementing its contents in a prudent and responsible manner!

A must for understanding the structure of the Mass and Roman Missal. Give an understanding to the instructions of the Mass that is universal. Hopefully those who get an understanding can appreciate the Mass more fully.

Very well organized and helpful reference book for priests, deacons, religious or the layperson who is interested in learning the rubrics of the Mass.

This book explains the rituals of the Catholic Church in the Roman Missal. It helps me in my everyday work as a soon to be ordained Deacon of the Catholic Church.

A very informative, excellent guide giving wonderful insight to the various Catholic rituals, beliefs, rites, services and norms of the church.

Great book, easy reading in plain and simple language, bit loaded with information. Definite reading for all Catholics especially those wanting to defend their faith.
