Customer Reviews

This is a nice companion to anyone who is already in the UU faith, or exploring the faith. The 101 reasons are from a variety of viewpoints and sources. The book will give the reader a well-rounded view of the UU faith.

I've been a Unitarian Universalist at heart for a long time, but I've only recently joined an actual congregation. This book is filled with small chunks of UU thought and background (101 of them, in fact!) I know I'll refer to it often when I want to prod my mind to rethink or relearn something about

this faith. This is an excellent introduction for anyone curious about Unitarian Universalism, as well as anyone who wants to explore it further.

This is a really good book that I'm planning to use at church. I bought it on Kindle, but I'm looking for a soft back copy. I want to share it. If you are a UU, you'll find all kinds of really interesting information you didn't know.

I am a new UU - 5 years. This has given me great insight to the viewpoints of many UU's as well as great insight to historical aspects of UU. Thanks for making such a great, enjoyable little read. **If you found this review helpful, do vote by replying Yes to 'Was this review helpful' **

I thought that it clearly represented the views of most UU adherents. If it is read with an open mind it gives both an outsider and a UU sympathizer a fairly clear idea of what the religion is all about. Like any religious subject, though, one needs more than this one book to begin to analyze the whole picture.
