'The Ultimate In-Season Weekly Guide' contains tons of actionable information that will help to make you a better fantasy football player. These are just two of the many questions Bales answers using solid, tested statistical analysis infused with just the right amount of humor. If you want to take your fantasy football skills to the next level then this book is a must-read.

This book gives you a lot to think about and at first glance you might be thinking "really? QB hand size matters in fantasy football?", but trust me this book will give you the edge you've been looking for. Whether I'm looking at players on the waiver wire or deciding which of my WR to start I now know I'm making the best choice possible due to the relevant historical numbers that Jonathan has provided and explained. I only wish Jonathan had written this several years ago and I might have several championships already.

I've read a lot of Jonathans' books and watched his YouTube videos as well...THIS GUY KNOWS DAILY FANTASY! Amazing guide that already helped me comin in 134th in the Sunday Million, and I re-read multiple strategies at least once a week to stay sharp. If you are already playing, or just starting off; this book is still for you! Thanks Jonathan and keep it up!

Great book that gives very interesting, unique, well-thought-out, and helpful perspectives on daily fantasy football. If DFS is your drug, like it is for me, you need to get this book. Thanks for this, Jonathan!
