Customer Reviews

My father bought this book for my son down in Brown County IN. My son is 3 years old and just loves this book. The story is wonderful and the pictures are outstanding. This book actually motivates my son to brush his teeth. It is a wonderful book. We also have "Have You Ever Seen a Moose Taking A Bath?" I am not one to write a review but I believe that people should know about this book.

Cute book and my granddaughter loves it and we're hoping it'll help her brush her teeth more cooperatively. Book came in condition and in a timely manner as promised.

This is another great teeth brushing book for my boys (along with Clarabella's Teeth)

Too wordy for toddlers. Lost interest in story but thankfully like to brush teeth.

I hate this book. It is not a very smooth read. My son loves the illustrations so I make up my own story if he insists on the "moose book". I bought it based on the other reviews but I don't enjoy reading it at all.
