Mullet Madness!: The Haircut That's Business Up Front And A Party In The Back

Synopsis

It's been called the Camaro Hair, the Kentucky Waterfall, the Hockey Hair, the MacGyver, and the Joe Dirt, but most people know it as the Mullet, and it may be the most talked about and controversial hairstyle of all time. In its glory days in the 1970s and 80s, it was worn with pride across America and the globe, from glam rocker David Bowie to TV matriarch Florence Henderson (who sported a Femullet "female mullet" on The Brady Bunch). And, of course, it remains the unofficial hairstyle of hockey players everywhere. This humorous pictorial celebration of the Mullet through the years will make those who love the style proud and provide some ammunition to those who would like to see it disappear forever. It's as funny, terrifying, and mystifying as the hairstyle itself. --This text refers to an alternate Hardcover edition.

I bought this for a friend who used to have a rockin' mullet years ago. The photos are pretty funny. Recommended for a good laugh.

Just hilarious
