Demian (Spanish Edition)

Synopsis

Demian es una de las novelas más bellas e interesantes de Hermann Hesse. La Historia de la juventud de Emil Sinclair es una novela que relata en primera persona el paso de la niñez a la madurez de este personaje del escritor alemán Hermann Hesse. Emil Sinclair es un niño que ha vivido toda su vida en lo que el llama el Scheinwelt (mundo de ensueño o mundo de la luz), pero una mentira lo lleva a ampliar sus visiones del mundo y a conocer un personaje enigmático de nombre Max Demian que lo llevará por los senderos del auto-razonamiento destruyendo paradigmas materialistas que antes lo rodeaban.

Customer Reviews

I think it's an over-statement to say that this book offers a path for anyone's life other than Hesse's. The book was written after many years of psychotherapy with the young Jung, and reflects (symbolically) the inner turmoils of Hesse's struggle and his own personal growth. The book is a great book - "great" in that it is disturbing, thought provoking, and well written. It's also a soul searching book, and one that not everyone should read. In fact, I would only suggest it to a minority of readers.

Hesse's novel is a tribute to what I will refer to as religion with a big 'R'. This novel surpasses the conventions of religion and goes to the root of what it is to be a man and have faith in something even if the something is yourself. This is a very short and quick read so there is no reason that

anyone should pass this up.

Esta es una novela que ya habiéndola leído hace más de treinta años. Aunque se lee en un tris, creo que es de esos libros que habrá que re-leer después para entenderlo a cabalidad. Sinclair, el protagonista, me exaspera un poco esta vez (vaya que no es lo mismo leer una novela a los catorce que a los cuarenta y tantos). En cuanto al producto en sí mismo, me parece que la calidad es más que aceptable, dado el precio (Editorial Tomo). Recibí el producto puntualmente, ligeramente doblada la portada, nada de consideración.

Demian, one of my favorite books of all time that I've read countless times in English. Reading it in Spanish has been a challenge but definitely worth while. Offered me some perspective on language and the novel itself of course. I definitely recommend this book, though if you are looking for a good English translation do not get the one with this cover, the BN, it is awful, get the Bantam classic or Penguin one or whatever with the Thomas Mann introduction, the English translation of this book with this cover is horribly translated. As for the Spanish edition I am pleased..

Recuerdo que fue uno de los primeros libros del escritor que llegó a mis manos a la edad de 16 años, lo disfruté mucho !!!

The story is good, but the edition is poor, it has misspelled words and errors in translation. I Don't recommend it

Interesante para pasar el rato, se lee bastante rápido y tiene conceptos que te pueden hacer pensar un buen rato.

This is the best book I have ever read. It is the perfect guide for people who do not know what is going on in their lives, and even if you do, it will give you a path to follow. This book will leave you wanting for more and more of Hesse's work. And it is sure worth it!
