Airframe Test Guide 2016: The "Fast-Track" To Study For And Pass The Aviation Maintenance Technician Knowledge Exam (Fast-Track Test Guides)

Synopsis

Part of a series designed to prepare applicants who are seeking Federal Aviation Administration (FAA) certifications for the full range of material, this guide offers current test questions, answers, detailed explanations, illustrations, and oral and practical study outlines to the FAA's Airframe Knowledge Exam. The series is designed in a "fast-track" format for increased comprehension and retention of the studied materials. This guide also lists and identifies all the FAA Learning Statement Codes (LSC) that the FAA uses on their Knowledge Test Reports, which are useful for test takers to find out what their weak areas are if they missed any questions on their FAA exams. This volume of the series deals with both parts of the "Airframe" section of the FAA Knowledge Requirements for Aviation Maintenance Technicians.

Book Information

Customer Reviews

Excellent test guide for test preparation. Includes recent and current FAA questions along with the numbers corresponding the FAA questions, commonly asked questions for Oral and Practical. Activation code included in this from ASA which provides 5 free exams. A must have book.

So I got this book for my dad who needs it for his 1st level of testing and well he passed with flying colors, so if he ccould do it with this book as a study guide then I highly recommend this as well.

It is very useful book. I passed my exam studying this book. Recommend it to anyone who is taking

the exam.

Used the 2015 general and airframe books. Passed my tests with 90's!!!! This is an amazing study guide!!!!

My husband ordered these and says they are informative, easy to follow and helpful to study with.

My husband ordered these and says they are informative, easy to follow and helpful to study with.

My husband ordered these and says they are informative, easy to follow and helpful to study with.

about like the rest it has the data in an ok format. Price was good delivery time good.
