Basic College Mathematics (12th Edition)

Synopsis

The Bittering Worktext Series recognizes that math hasn't changed, but students' and the way they learn math have. This latest edition continues the Bittering tradition of objective-based, guided learning, while also integrating timely updates to the proven pedagogy. This edition has a greater emphasis on guided learning and helping students get the most out of all of the resources available, including new mobile learning resources, whether in a traditional lecture, hybrid, lab-based, or online course. Note: You are purchasing a standalone product; MyMathLab does not come packaged with this content. MyMathLab is not a self-paced technology and should only be purchased when required by an instructor. If you would like to purchase both the physical text and MyMathLab, search for: 0321951719 / 9780321951717 Basic College Mathematics Plus NEW MyMathLab with Pearson eText -- Instant Access Package consists of: 0321431308 / 9780321431301 MyMathLab -- Glue-in Access Card 0321654064 / 9780321654069 MyMathLab Inside Star Sticker 0321931904 / 9780321931900 Basic College Mathematics

Customer Reviews

The book itself was in beautiful condition and exactly what I needed. My only problem was that nobody informed me there was a lab included in the book and, with a used book, it can't be used again so we had to pay for the lab separately anyway. We still ended up saving money though so, all in all, it was awesome.

Great book lots of help. And loved the fact that I did not have to purchase it rentals are the best when you are doing refresher courses over the summer.

Great book. Great for a refresher. Definitely worth to buy. Loved how each step is explained in the book. -angel

Was perfect for my math class. Luckily the notes made where not on the problems I ended up doing. :)

good book and has a lot of information to help you pass your class.

great math problems and does the job. very helpful examples in it

The book breaks down the problems and easy to understand

Great book.. Everything is explained
