Customer Reviews

I'm still going through the book, but had to pause and mention the grossly incorrect information that's discussed regarding Roth IRAs in the "Retirement Accounts" chapter. The paragraph-long discussion related to Roth IRAs is almost entirely wrong! Roth IRAs are nothing like Traditional IRAs in terms of pre-tax dollars/tax deductions and required minimum distributions. While not the main focus of the book, I'm disturbed by the apparent lack of review and editing and it gives me pause about other areas of the book.
