How To Make Coffee So Good You'll Never Waste Money On Starbucks Again (The Coffee Maestro Series Book 1)

Synopsis

If you want to know how to brew the ultimate cup of coffee in the comfort of your own home (and save some money too!), then you want to read this book. You see, making great coffee boils down to doing a number of little things right, such as selecting the right beans and roasts, and creating the right blends; using the right coffee machine and grinder; using the right amount of grounds; brewing at correct temperatures and for the right amount of time; and more. If all that sounds complicated to you, don't worry--this book breaks it all down and teaches you, step by step, everything you need to know to brew heavenly cups of coffee that are the hallmark of true coffee maestros. In this book, you'll learn things like...How to pick the right coffee machine and get the most bang for your buck, regardless of your budget. (Please don't buy a drip brewer before reading this chapter!) Everything you need to know about coffee beans to master the art of creating incredible blends that create rich, complex coffee. You'll be blown away by how much better your coffee will be when you use this information.Â Why you should seriously consider getting a coffee grinder, and which types are the best for making coffee. The step-by-step, no-fail method of brewing sweet, decadent coffee every time. Say goodbye to coffee that's too weak or strong or bitter, and say hello sweet, aromatic indulgences. 30 delicious coffee recipes including classics that are to die for, espresso drinks that every coffee lover should try, holiday drinks that will make you cheer, and dessert drinks that are like heaven in a cup. And more...Brewing mouth-watering coffee and making your favorite coffee drinks are a breeze after reading this book! Scroll up and click the "Buy" button now to learn how to make coffee so good that your friends and family will rave.

Customer Reviews

This is a fantastic book for coffee beginners. I'm by no means a coffee connoisseur, but I still loves me some coffee. I was on the lookout for a book of coffee recipes that would help me perk up my usual cup and that didn't require the purchase of an overpriced espresso machine. Vincenzo's book is full of great information as well as recipes that I'm actually able to use. Many of the coffee books I've read or own offer nothing but espresso recipes that call for the use of a \$2000 espresso maker, and as much as I would love to have one of these heavenly devices, it's just not a financially feasible choice I can make (well, it's a choice most of us couldn't make). This book, however, offers a collection of recipes that most people can put together with the supplies in their pantries (with some additional purchases like flavored syrups). In addition, Vincenzo discusses what I would refer to as a "poor man's espresso," which is double-brewed coffee (basically regular drip coffee that uses twice the amount of ground coffee as a normal brew, or four tablespoons of grounds per six ounces of water), and I personally think that this double-brewed coffee could easily be substituted for the espresso recipes that occupy the last few pages of the book, meaning that none of the recipes really felt "off-limits" to me based on the fact that I have no way to make real espresso. But it doesn't stop there. As mentioned above, there is a whole section dedicated entirely to espresso: what it is, how to make it and mixed cafe-style drinks that make use of it.
