Synopsis

A romantic weekend at Marlow House Bed and Breakfast turns deadly when Earthbound Spirits founder, Peter Morris, is murdered. Plenty of people had a reason to want the man dead—especially Danielle's current guests. But it isn't Morris's ghost distracting Danielle on this deadly Valentine's Day weekend, it's her late husband Lucas. She has her hands full with suitors coming from all directions—both living and dead—while she tries to figure out if there's a killer in Marlow House.

Customer Reviews

The Ghost of Valentine Past is a fun read... a nice, simple cozy mystery with ghosts (and those who can see them). It is a lite read... but good. While this is a stand alone book and readers will not be lost reading it without reading the preceding books, it is better if one has at least read the last book, if not them all. The main character are decently evolved, the story line interesting, the mystery of who the killer was is well done. It leaves you guessing until towards the end. There is a murder in Danielle's B&B and a lot of suspects (the guy murdered was not a well like man). The main portion

of the book is about the murder but there is more. For one, Danielle's husband's ghost finally shows up and she needs to deal with him, plus the possibility of a romance for her is in the works. We get to know a little more about the characters...Enjoyable book, and with each in the series, while the main story is about the mystery, we keep getting a little more about the characters and their relationships. If you like cozy mysteries with a touch of paranormal, then check out this book (or actually whole series)

This book brings to an end characters from a couple previous books in the Haunting Danielle series. But not to worry, Walt is still in residence, I'm so glad. The possibilities of a "real" romance could possibly be in Danielle's future.

I have followed this series from Danielle's first look at her inherited mansion to this, the latest of her unfortunate adventures, and have loved every chapter of them. The characters are well-developed, the scenes vividly described without being tedious, and the plots are clever and intriguing. I am an avid reader of mysteries and usually solve them (at least partially) by the time I am half way through a novel, but most of Danielle's case outcomes have caught me totally off guard. Her interactions with the resident ghost - who only she and very few others can see - are portrayed in a way that makes the existence of ghost possible ... perhaps even logical. Each book of this series is a stand-alone, and can be read out of order. I HIGHLY recommend the Haunting Danielle series to anyone who enjoys reading mysteries, getting involved with connectable characters, and entertaining the thought of supernatural possibilities!

I love this series and pre order the next as soon as I finish a book! I love that it is an interesting mystery and light and easy to read. It is a feel good book, nothing dark or heavy. I do have to admit of all the books in this series this was not my favorite. I have read all of them in order and did order the next one as soon as I finished this book. I

I loved this book. Bobbie Holmes is a remarkable writer. Her Characters are so loveable. I miss them so much in between books. I feel like I am being reunited with old friends with each new book. This is probably my favorite series. Keep them coming Bobbi Holmes.

I'm so in love with this book series!!!! I adore all of the characters, I love the house, and I'm a huge Walt fan!!! So glad to see Danielle branching out with a real guy but I love the relationship she has

with Walt!!! This has turned into a very favorite book series of mine and I'm so anxious for the next book!!!!!! I even look forward to seeing to seeing the cat and Sadie the dog in the books!!!!

Another winner in the Haunting Danielle series! Enjoyable and well-written, this is a great collection of books for readers of all ages. Each new adventure puts a smile on my face. I can't wait to see what Danielle and Walt get involved in next.

This book series is my favorite!! I cannot wait for the next one! Each book has a new mystery and never repeating and always fresh! I adore the characters! I get excited to read these books! Thank you for being such a super writer!!
