The Soul Summoner

Synopsis

Blessed or cursed with a connection to the souls of others, Sloan Jordan can see the best in people and the worst. With nothing more than a glance at a photograph, she can judge the living from the dead and the good souls from the evil ones. For twenty-seven years, she's kept her ability a secret, but eleven young women have been murdered in the mountains of North Carolina, and Sloan may be the only hope of finding their killer. She has just agreed to help Detective Nathan McNamara with the case, when a stranger "who is as alluring as he is terrifying" shows up at her doorstep with a dark past and another puzzling mystery: she can't see his soul at all. Now Sloan is on the hunt for a deadly psychopath with two irresistible men. One of them would die for her, and the other would kill to keep her safe.

The First Book In The Soul Summoner Series

Customer Reviews

This was amazing! I haven't laughed in such a long time in a murder mystery with a love triangle. Usually those things are beyond intense, and one love interest with bodies falling like flies is enough on a girl, but Sloan's got two and ten. The writing was great with Sloan's POV and her angst about

people finding out what she can do felt so realistic, especially with the responses she got. That's why I loved it even more when she handled it like a boss, and took it with a grace that had nothing on her gift of... er, collecting? It's so important for me to get into a book, and I fell right through, reading til my eyelids gave out and finishing up as soon as I woke up. It was that good. The murder mystery was interesting with all the different characters coming and going, but I loved the connection between Sloan and Warren. So much going on with that; I love how smoothly it was delivered. Not once was I nervous about their relationship, and I definitely didn't have any bad feelings when she was with Nathan. If you can create a (and I use this word lightly) multiple relationship among two guys and still make it all work harmoniously and stuff, you are a writing deity. On top of the murder and sexy men, I also enjoyed seeing Sloan's struggles with wanting a normal life she worked hard for and doing what was right. At times I got annoyed (just once, I swear) but her best friend, Adrienne, was right there to clear it all up for her (Bless you, Adrienne). The characters were all adorable with enough presence to move the story along and bring the story itself out of the love-triangle situation and back into the case. Nathan and Warren were so genuine that I honestly had a hard time choosing one in the beginning.

The premise of this book sounded amazing and I was eager to dive in. It started off good but about a quarter of the way through I started to severely dislike two of the MC's - Nathan and Sloan. First, I'm going to say that I knew this was going to be a love triangle going in...and that was ok. What I didn't know was that Nathan was already in a relationship when he met Sloan. I absolutely hate cheating and when Nathan made no qualms about hiding the fact that he was in a relationship (6 months) I figured "ok, so he'll take the protector and defender stance which fits because he is a cop..." Well, that's not exactly what happened. He started omitting things like where he was and who he was with almost immediately. He then started ditching his girlfriend for Sloan. All of this didn't sit right with me. Finally when we meet his girlfriend we find out that she is Sloan's high school nemesis. I think the author tried to use this to get us to feel that Sloan was getting some type of revenge considering Stephanie stole Sloan's boyfriend in high school - side note is that these characters are in their late 20's and they were teens when the boyfriend stealing happened -- additional side note, it takes two to cheat...kids do stupid stuff when at that age and holding onto a grudge for 10 years is extremely childish. I should also note that Stephanie treated Sloan fine upon their re-meeting. She didn't belittle her or talk down to her. She treated her the way an adult would, HOWEVER, Sloan and her best friend repeatedly made fun of Stephanie and made sure to rub it in her face when Nathan and Sloan were spending time together. Furthermore, Nathan didn't do

anything to defend or stand up for Stephanie..he just let this happen.
