Customer Reviews

What a lot of great ideas in this book. The instructions were easy to follow, and the designs were so beautiful. I am just a beginner with designing for my home, but with this book I know I can do it. Thanks for the wonderful book.

The book is well written and has great illustrations and especially good information on products for the beginner. It really shows how much fun textile surface design can be however I must stress that if you have done much work with surface design at all, this book will not be very challenging. It is a great book for beginners!.

In my opinion info is a bit vague in it's explanations. Didn't like it much. Best redeeming factor the price.

love it!

A GREAT BOOK! FAST DELIVERY!Pat Merkel
